- React

## EXPERIENCE

### WEB DESIGNER - 2022

In the past 6 months, I have self-taught web development and gained hands-on experience. I am skilled in HTML, CSS, and JavaScript, and have basic knowledge of React, Bootstrap, and Git. My passion for coding and self-motivation drove me to acquire these skills, and I am eager to apply them in a professional setting

### MACHINE OPERATOR APPASAMY ASSOCIATE -2020

Proficient in operating CNC machines to manufacture products to specifications, with a focus on quality control and adherence to standards.

# PRAKASH .M

## WEB DEVELOPER

## SUMMARY

- Highly motivated self-taught web developer with proficiency in HTML, CSS, and JavaScript.
- Familiarity with React and Bootstrap, with a dedication to expanding knowledge and skills to become a full-stack developer.
- Detail-oriented and committed to delivering high-quality work while maintaining a strong work ethic.
- Eager to learn and stay up-to-date with the latest trends and technologies in the web development industry.

## PROJECTS

To demonstrate my skills, I have completed several projects including a movie website with API integration, landing pages for bakeries, portfolio pages, restaurant websites, and simple web applications like a to-do list app and a form validation tool. All of these projects were developed with a strong focus on user experience and responsive design

### MOVIE WEBSITE

Created a responsive movie website using a movie API.

### LANDING PAGES

Developed company landing pages using HTML, CSS, and JavaScript.

### PORTFOLIO PAGE

Designed and developed a personal portfolio page with animations and effects.

### RESTAURANT WEBSITE

Built a simple hotels website with search and filter functionality using local storage and form validation.

### TO-DO APP

Developed a fully-functional to-do application with user-friendly interface and task management features.

## EDUCATION

### B.E - MECHANICAL ENGINEERING

AR Engineering College, Villupuram

August 2013 - May 2017
